Here's a rundown of The Glen's new retail offerings opening this fall:

### **Wishes...Toy Wonderland**

Wishes Toy Wonderland is a specialty toy and gift shop selling unique, quality toy and gift items set within an environment resembling an enchanted wonderland, complete with a whimsical life-size tree. It stocks toys from around the world, as well as merchandise that is "made in America." In addition, clothing, jewelry and unique books, along with handcrafted items from local artisans will be available. Monthly in-store activities include: children's entertainment, craft projects and story hours. A personalized registry wish list is available for special occasion purchases, as well as distinctive gift wrapping. The shop's secret? It's where fairy godmothers shop!

### **Pigtails & Crewcuts**

Pigtails & Crewcuts is an innovative hair salon designed with young hearts in mind, accommodating children of all ages in a one-of-a-kind environment that is appealing to kids and parents alike – it's as fun as a playroom but as stylish and comfortable as a living room. The salon features a fully stocked playroom with toys including a wooden train, blocks, balls and a PlayStation 2 for older children. Situated above every haircutting station is a TV that plays family-friendly movies. The salons' custom-made pint-sized barber chairs are shaped like airplanes, cars and even fire engines that come complete with a bell. The location also offers two full-sized barber chairs for the more grown-up patrons.
